Foreword

Twelve golden steps on the cover of the 1966 Arxalma symbolize the rewarding years we, the seniors, have completed from the beginning of our public education to graduation.

It follows then, that the six lower steps represent our days in the elementary school—the foundation for our intellectual development. As the eye follows higher, we note the fleeting years at junior high school—our period of exploration. At the top, the final three steps remind us of our years at Reading High School where, through days of specialization, we prepared for future careers.

Arxalma, the title of this volume itself, serves as the means of reflecting the total personality of each student at the Castle.

By affixing the numerals "66" to the school seal, which represents the symbolic means of the students' cumulative educational growth, we have identified our class as another to reach the long awaited objective—graduation.

Looking back, we, the seniors, now realize that the seal represents not an end, but the point from which we begin the utilization of our educational backgrounds to achieve success in our future careers.

Through the continuous efforts and dynamic action of the civic body known as the Board of Education, great strides were made again this year to enrich and expand the curricula, to increase educational facilities, and to provide the means for meeting the future educational needs of school youths and adults of the community.

In the very near future, the erection of a new joint Reading-Muhlenberg vocational school with an extensive and progressive vocational curriculum will become a reality. Beyond the planning stage are two other definite projects of the long range building program of the Board of Education, namely the construction of three new and modern elementary school centers and a planetarium.

Comprehensive studies and surveys were also authorized by the Board of Education this year to determine the interest and need for an area community college.

As ever, in a continuous effort to provide the best possible educational program and school environment, the Board of Education carefully evaluated and approved countless other matters of merit beneficial to student, teacher, school, and community welfare.

To a great extent, Reading's public school system continues to have a prominent position in the field of education because of the foresight, leadership, and progressive policies of the Board of Education.

As in previous years, the district administrators and supervisors capably directed their respective programs or rendered their particular services for Reading's twenty-eight public schools which included one senior high and four junior high schools, twenty-two elementary schools, and one school for the handicapped.

Articulation in the art, music, home economics, physical education, and the industrial education curricula in the Reading public schools was effectively conducted by one group within this administrative unit.

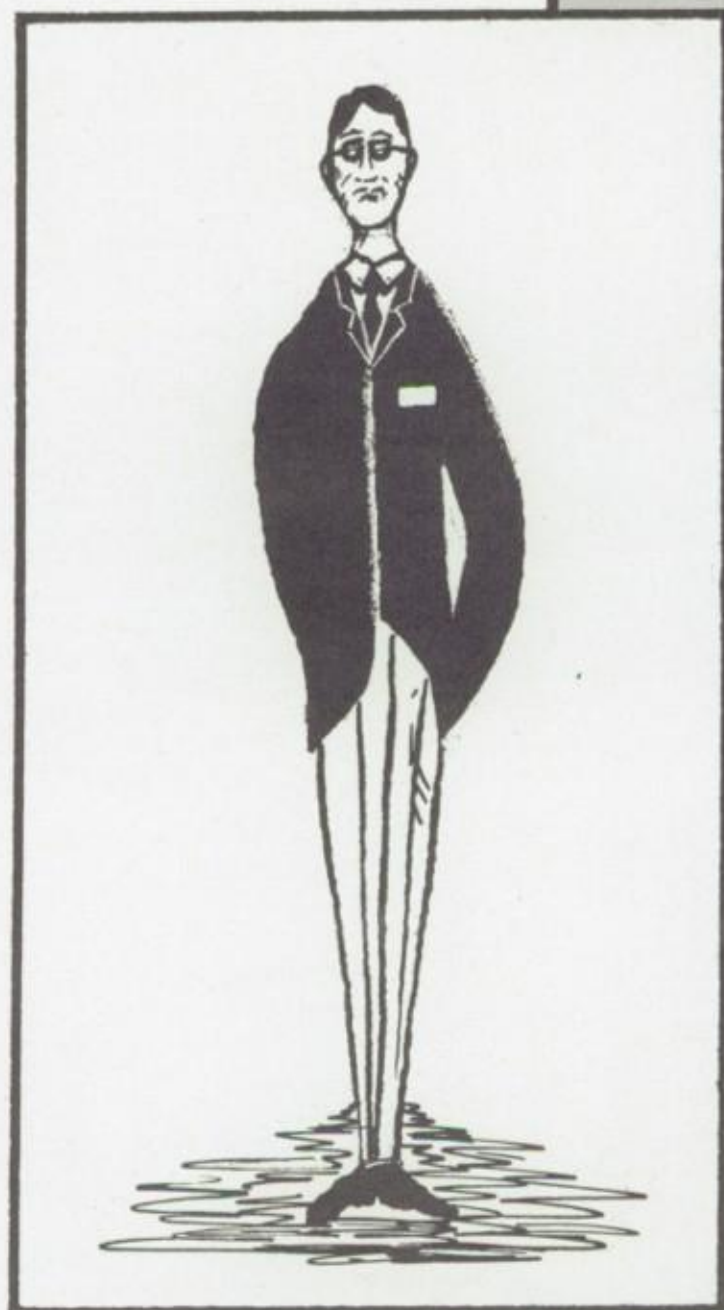

Other personnel of this executive body rendered their specific services for the schools of the district in the areas of public relations, guidance, special education, pupil nutrition, visual education, and elementary supervision.

As the result of the leadership of Dr. Ralph C. Geigle, the school superintendent, and the continuous and combined efforts of the district administrators, citizens of the community can always be assured that the total public school program will be in a position to meet the growing educational needs of the city's youth, and the increasing demands of an everchanging society.

In dance band competition, the Castleaires won a second place trophy at the Chesapeake Stage Band Festival in Edgewood High School, Edgewood, Maryland, on March 4, 1966. Invitations were later extended to the Castleaires to participate in the Mason-Dixon Stage Band Festival, North Harford High School, Pylesville, Maryland, on April 29, 1966, and the Stage Band Festivals at Wilmington, Delaware, and Rehobeth Beach, Delaware, respectively.

During one of the rehearsals of the woodwind ensemble, Mr. Hiram D. Hoch showed the group how to play the difficult passages of a new instrumental arrangement.

Comprehensive programs in general, commercial, and fine arts, plus extensive courses in crafts were offered by the art department at Reading High School.

Creative art and craft projects of merit which were made by Castle students this year were put on exhibit at the Reading Public Museum and Art Gallery from March 7, 1966 to March 27, 1966, inclusive.

As in the previous years, the department sponsored a special course in year-book designing and production.

Art teachers of Reading High School and Mr. Harry B. Bentz, the Director of Art for the Reading School District, carefully analyzed outstanding student art work and craft projects before selecting material for the exhibit at the Reading Public Museum and Art Gallery.

As in previous years, boys were able to enroll in the department's chef courses, namely Food Services I and II. In the latter program, the trainees gained special experience by working part-time in the school cafeteria.

In addition to their regular projects, the students erected exhibits of class work in the large home economics show case and arranged attractive subject-related bulletin board displays.

As one of the many practical projects of the department, home economics students served as hostesses for the faculty Christmas Tea.

As in previous years, the health curriculum consisted of a comprehensive health course in tenth grade, a safety education program with an optional driver training program in eleventh grade, and an advanced first aid course in twelfth grade.

A twelve week course in Civilian Defense recommended by the Department of Public Instruction and mandated by the Reading School District was introduced into the twelfth grade health curriculum this year.

Following the pattern set in other years, any senior who earned an average of 85 or above in health class was awarded a Standard First Aid Red Cross Certificate.

This marked the first year that Mrs. Maxine D. Ernesto, R.N., served as the school nurse at Reading High School.

In addition to the routine and first aid services rendered by the school nurse throughout the year, this department provided the means for giving the state mandated audiometric and vision tests to grades ten and twelve, complete physical and dental examinations for students of the eleventh grade, and X-rays for the student body and school personnel.

This health center also served as the location for one of the first aid squads in the school's civilian defense program.

In addition, an advanced physical education elective was available to senior boys and girls who desired to prepare for careers in physical education or related fields.

For these students, the three qualified driving training instructors utilized the newly-illustrated Pennsylvania Motor Vehicle Code manual as the basic text for classroom instruction, and two district-owned driver training vehicles to give trainees ample opportunities to develop driving skills and techniques.

Student trainees receive instructions from Mr. George Pappas concerning the days and periods they are to receive driver training.

Mrs. Ann Z. Wenrich

Among the many library materials available to Castle students for regular class work, leisure reading, or research were one-hundred and thirty-five different magazines, four daily, and two weekly newspapers, ten sets of encyclopedias, and approximately fifteen-thousand and five hundred books. Recently added to the library was a fifty volume set of the Harvard Classics.

For the teachers, the department purchased a wide selection of new books for professional use.

Reading High School's state and national school library affiliations included membership in the Pennsylvania's Library Association and the American Library Association.

Besides their regular duties, the two certified librarians supervised a comprehensive library science training program for forty-two trainees. Mrs. Pauline S. Obold, librarian; Mrs. Ann Z. Wenrich, librarian

Frequent assignments to the circulation desk gave the well-trained library assistants countless opportunities to render efficient service to Castle Students. Michele Evans, Susan Bucks, Ruthanne Robinson, Susan Heil

On Wednesday, October 13, 1965, five-hundred and four student librarians attended the fifteenth annual Teen-Age Library Association Conference at the Hamburg Area High School. Featured at the conclave was a panel of student assistants who discussed their duties and activities in their respective schools. Twelve delegates from Reading High School took part in this conference.

In a geographic area which includes Carbon, Monroe, Lehigh, Northampton, and Berks counties, Reading High School is one of the thirty schools which offers a comprehensive library course for academic credit.

Continuous shelving of books throughout each school day assured students of a maximum supply of books at all times.

This year the week of October 10, 1965 was proclaimed National School Lunch Week by President Lyndon B. Johnson.

Governor William W. Scranton of Pennsylvania issued a similar proclamation explaining that the goal of the service was to offer the students a nutritional lunch at a reasonable price.

As part of the state-wide observance of this special event, members of the cafeteria staff prepared an All-State Menu on Wednesday, October 13, 1965. On this date, 3,320 Pennsylvania Schools served the All-State Menu to 750,000 Pennsylvania school children.

Members of the Castle's cafeteria staff wore special decorated hats during National School Lunch Week to publicize the nation-wide project.

Custodial Staff

Head Custodian—Mr. Carl F. Heister

Routine and special tasks which were performed daily by the twenty members of the custodial staff made it possible to maintain a pleasant school environment for the student body and school personnel.

Throughout the year, the staff provided custodial care for close to one-hundred class rooms and auxiliary rooms in the main building, and for two gymnasiums, the field house, the auto shop, and the school athletic fields and campus.

In addition to his supervisory duties, Mr. Carl F. Heister, the head custodian, had many specific tasks such as making periodic adjustments on the master heat control board.

Bookroom Custodian

Mrs. Margaret R. Stumhofer

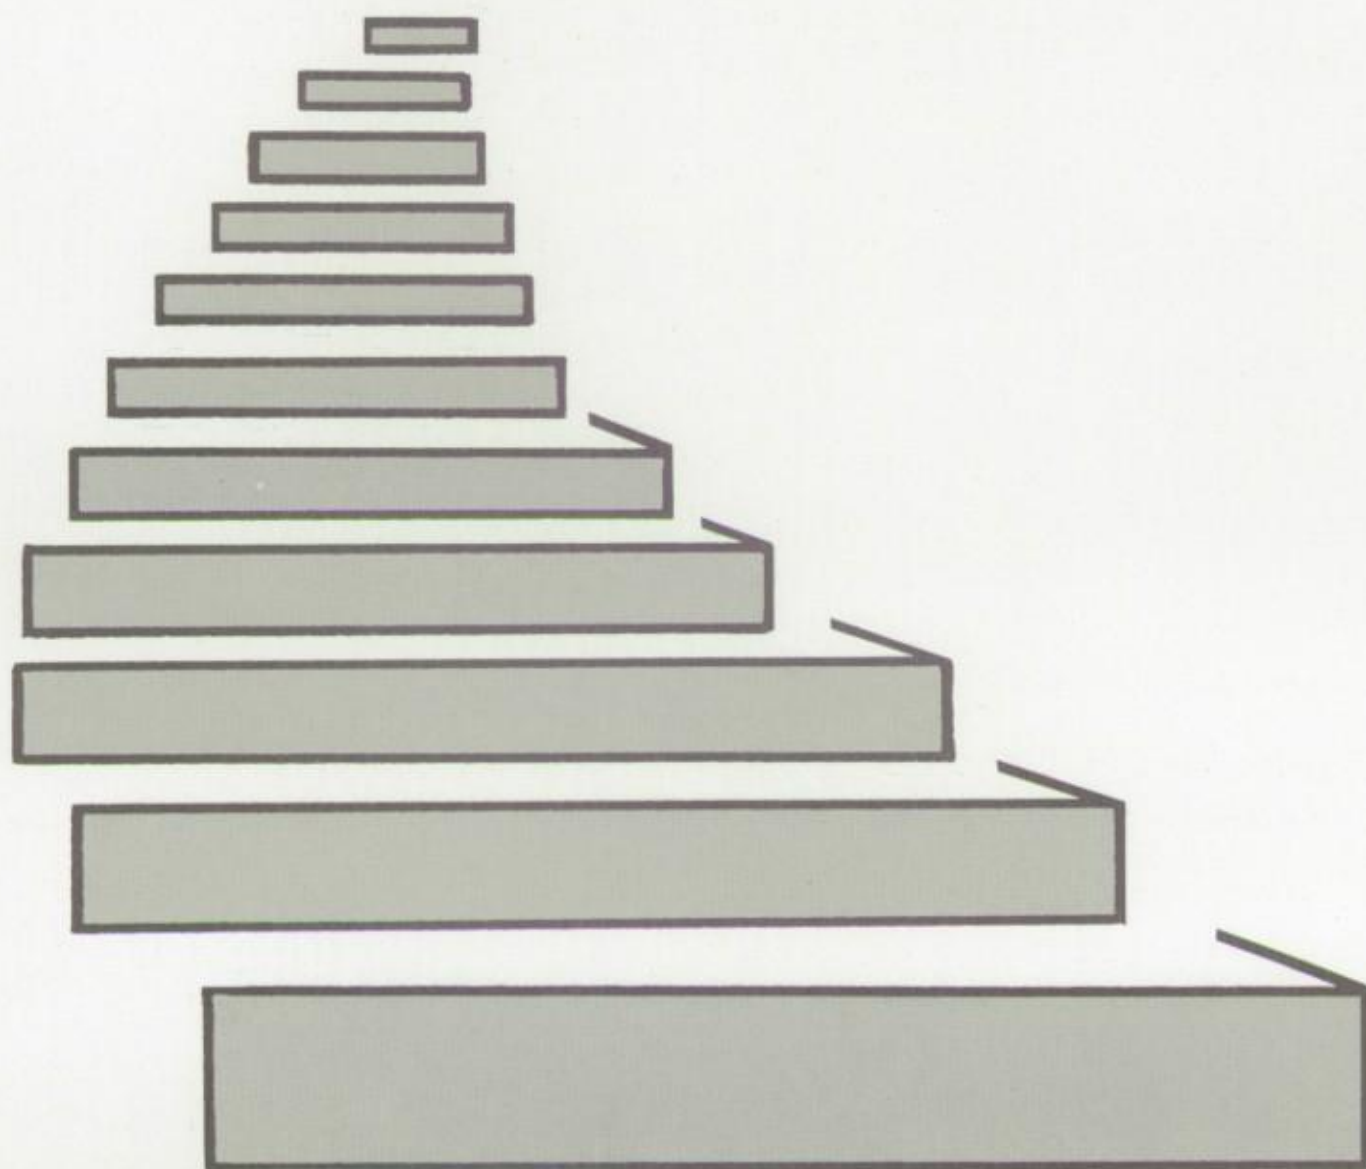

As bookroom custodian at Reading High School, Mrs. Margaret R. Stumhofer's chief tasks were to distribute textbooks, supplies, and other materials to the Castle's one hundred and thirty-three teachers.

When required, she also helped the regular custodial staff with special seasonal and miscellaneous duties.

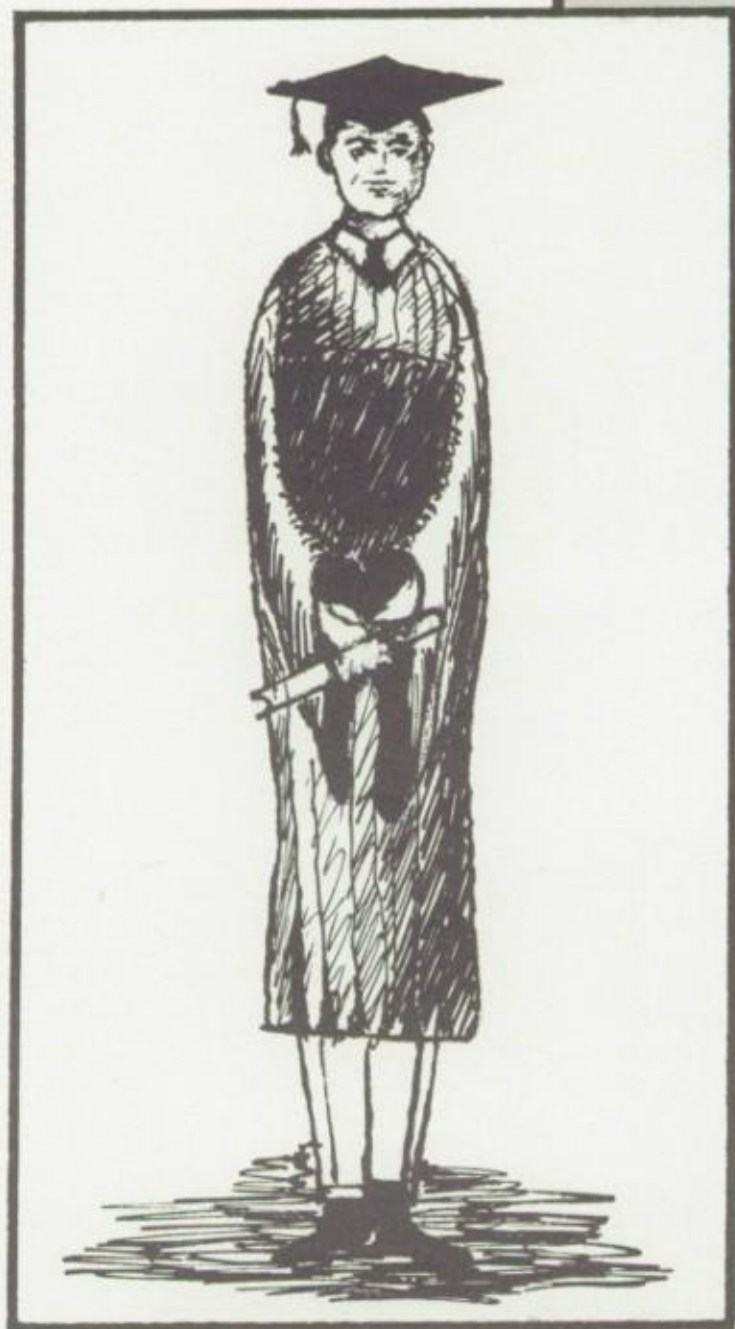

Previously, she served one year as a custodian at the Thirteenth and Union elementary school, and seven years as one of the gym custodians at the Castle. This marks her third year in her current position.

As needed, books, supplies, and other materials in the Castle's three bookrooms were promptly delivered to the teachers by Mrs. Margaret R. Stumhofer, the bookroom custodian.

Message

The story of our lives is punctuated by a series of culminations; each of which leads to another. Your graduation is one of these culminations. What will be your next one? Will it be marriage, college, the armed forces or a technical school? Whichever it may be, your teachers sincerely hope they have helped you in some way to reach that future culmination.

You are blossoming in a season of tremendous intellectual productivity on this fertile planet. In the past few decades, man has learned more about himself and his environment than he has in the rest of recorded human history. For instance, he is unraveling the most intimate mysteries of the living cell. Certainly, the immediate future holds many startling achievements.

Man has been drinking at and replenishing the "well of knowledge" at a tremendous rate. For the past twelve years, you have been drinking at this "well of knowledge." Many of you know more about chemistry than did Joseph Priestley and more about biology than did Gregor Mendel. A fortunate few of you will help to replenish this well. I say a fortunate few for, that is the way it has always been—the few achieving for the many. Your decision then is this—which shall I be; one of the few or one of the many?

Today, we are faced with an awful paradox. On one hand we have developed an understanding of many of the laws of science and have come to terms with them. On the other hand, we seem completely oblivious to those laws associated with the social sciences. Laws which must be understood if we are to have a safe and sane world. A world in which the individual is free to develop his most worthy potential. Thus, education faces great challenges.

In closing then, your sponsors would like to express their pleasure in working with you—the Class of 1966. Our warmest wishes go with you for the best of all that is good.

Mr. Leslie D. Fleischood,
Sponsor for the Class of 1966

Message

When you receive your diploma it marks the genesis of a new life. Commencement means beginning and it signifies the blossoming of vast horizons for us to explore. But these will not come without hard work and perseverance. In today's society, where social welfare is handed to us on a silver platter, one should not be misled by "golden" promises. Nothing is going to come easily; it's going to take plenty of hard work.

With many of our loved ones in Vietnam we will work for the betterment of peace throughout the world. But we must and will stand firm behind our government when aggression threatens freedom's doors. As the leader of freedom-loving people everywhere, we are obligated to defend them in order to preserve the freedoms which our forefathers won for our benefit.

As all of you start into your competitive society, I hope you carry with you fond memories of your senior year. I am sure none of us will forget our great basketball team, prom time, and commencement. I hope this year has been rewarding for you, and I wish everyone of you luck and success in your future endeavors.

In closing, I call on you to remember our class motto: "Opportunities are given to us; we must exploit them ourselves." Success will not be given to us; we must work diligently to achieve it.

I would like to thank the senior class sponsors for their excellent counseling, and everyone who helped make the senior class activities as successful as they were.

James Mantis,
President of the Class of 1966.

Commencement Address

"Tomorrow Comes Too Soon"

Dr. Gustave W. Weber, the current president of Susquehanna University, Selinsgrove, Pennsylvania, has instituted a vigorous program of advancement at the 107-year-old liberal arts college.

Growth at Susquehanna is dramatically evidenced by the fact that enrollment this year is eleven hundred and thirty-five students, an increase of well over one hundred percent from the less than five hundred registered in 1959. This growth has occurred through enlargement and strengthening of the faculty, acquisition of a number of properties on the periphery of the campus, construction of eight new buildings, and extensive renovations to five older college buildings.

Also doubled during Dr. Weber's administration were the university's total assets which are now close to twelve million dollars. Nearly three million dollars worth of additional construction is now under-way.

A native Austrian, Dr. Weber was educated in the public schools of Allentown, Pennsylvania and was graduated from Allentown High School in 1924. He earned a Bachelor of Arts degree from Wagner. Later, he acquired a Bachelor of Divinity degree, a Master of Sacred Theology degree, and a Doctor of Theology degree. In 1961, Wagner honored him with a Doctor of Divinity degree. On June 6, 1966, he will receive a L.L.D. degree from Hartwick's College.

As a Wagner undergraduate, he was a leader in student affairs. He served as class president, and a member of the student council and debate council. He also won nine varsity letters in football, baseball, and was active in dramatics throughout his four college years. He graduated as his class salutatorian.

On the Castle Campus

Each Saturday morning at 11:30 A.M. informative scoops concerning Reading High School events could be heard over Reading's WEEU radio station.

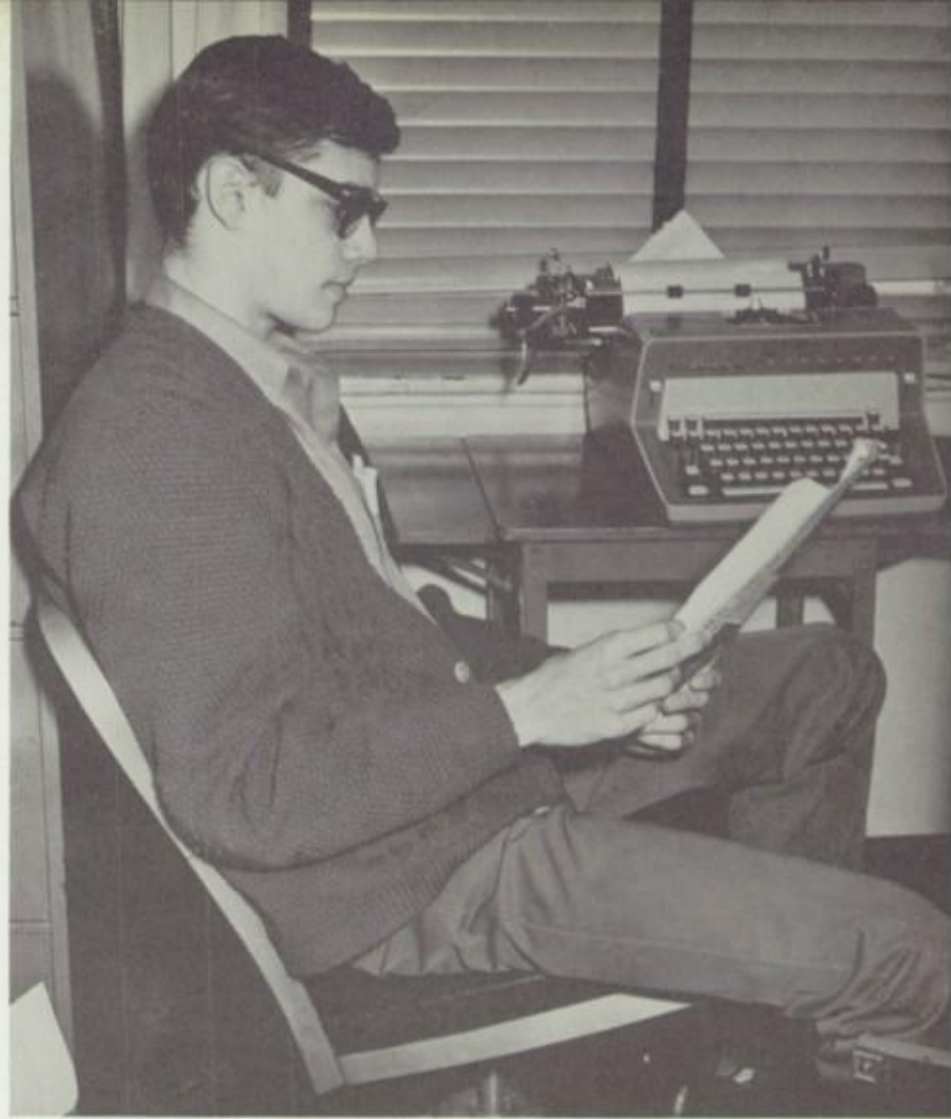

Featured weekly were comprehensive sports reviews, favorite recordings for the teen-age audience, and interviews of school and community leaders.

Reading High School has featured a weekly student-planned program over the air waves for eighteen years. Before January 20, 1964, the program was formerly known as "Red and Black On-the-Air" and was broadcast over station WRAW. Since then, the program has been presented on station WEEU.

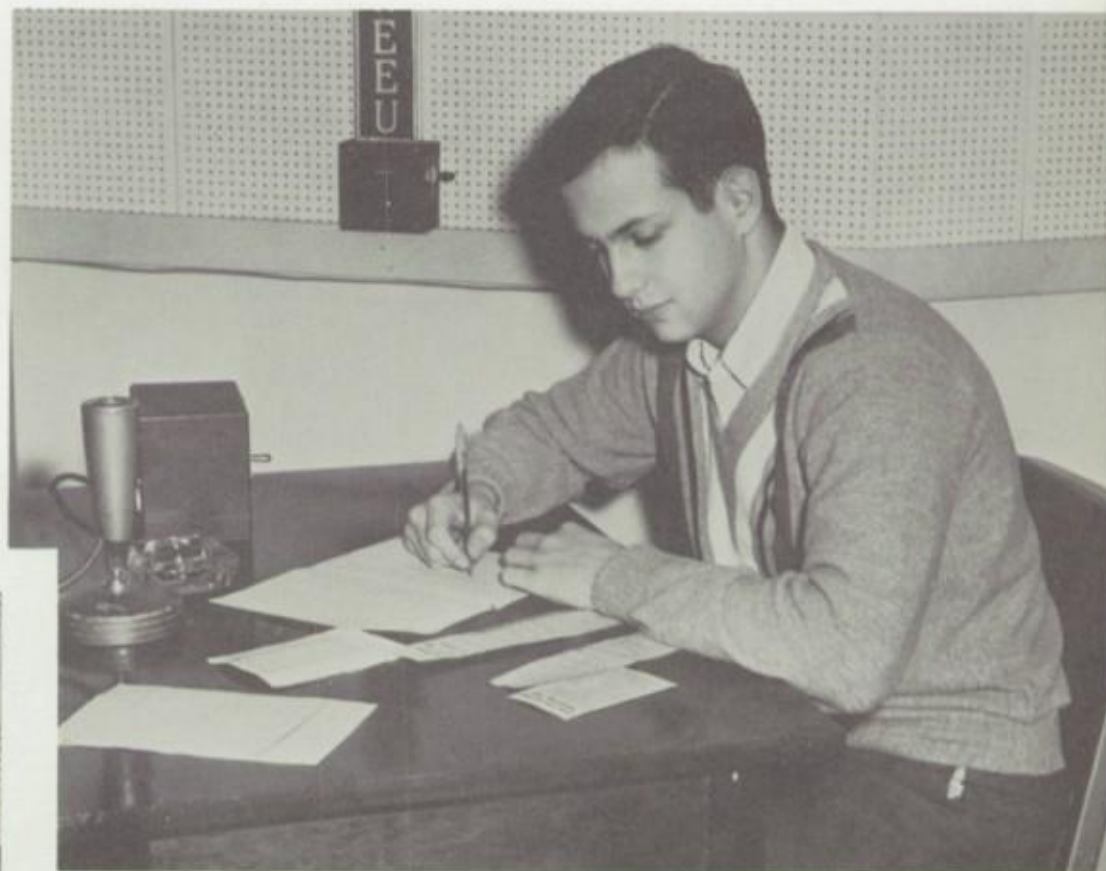

After examining the top-tune list for the week, Elizabeth Pierce, mistress of ceremonies, chose appropriate tunes for each program.

In step with the lively R.H.S. Marching Band were four snappy auxiliary units consisting of ten color guard girls, eight majorettes, twelve rifle squad girls, and twelve guide-ons. Following these units were Miss Diane Taylor, head majorette; Scott Evans, mascot; and Curtis Stoyer, drum major.

Because of the changing trend displayed by most marching band units in Washington, D.C. in 1965, the Flag Twirlers and Pom Pom girl units were discontinued. Girls from these groups were used to enlarge remaining units.

New equipment included twenty new rifles for the additional girls placed in rifle squad and two new flags for the expanded color guard.

In addition, a colorful new uniform was purchased for the drum major. This uniform consisted of a white fur head dress with a feathery shako, a red jacket with a reversible overlay decorated with contrasting black and white diamond designs, and white trousers with a red stripe down the sides.

Reading High's varsity gridmen opened the season on an optimistic note when they ended Bethlehem's nine year jinx by taming the Hurricanes 13-0 under the lights at Albright. Leading Reading's offensive were David Jackson's two explosive end runs of 37 and 71 yards, respectively, to the touchdown zone.

In the first Central Penn Conference encounter of the season, the Castlemen were overpowered by the Steamrollers from Steelton-Highspire by a 31-6 count.

Although unable to make a touchdown, Reading's pigskin brigade limited powerful John Harris, co-champs of the Central Penn Conference last year, to twenty-nine ruggedly contested points. With this 29-0 setback, the Knights suffered their second successive defeat.

At York, Reading gridmen displayed more power, but the host Bearcats battled to pierce the Knight squad for a 27-12 tally.

Suspense prevailed in the Williamsport game. With the Wernermen ahead 13-0 at the half, and 13-12 going into the final quarter, chances for a Reading victory were bright, but finally our gridsters grudgingly succumbed 26-13.

Castle gridmen were involved in another thriller at Lancaster. With a little less than nine minutes remaining, the Knights led 14-13. In

the last five and one-half minutes of play, however, the Tornadoes hit paydirt to defeat the Knights 20-14.

Cedar Cliff, another tough Central Penn Conference rival, was the sixth consecutive team to down Reading High's pigskin squad. As in the previous game, at one time the Knights were in the lead, but again they lost, this time to the tune of 27-14.

In the next encounter, William Penn proved to be more than the Knights could handle as the Tigers tallied 53 points to 14 for Reading.

A pass interception by Lebanon in the last four and one-half minutes of the next game gave the Cedars a close 6-0 win.

With a score of 26-7 over the Central Dauphin club, a new entry in the Central Penn Conference this year, the Red Knights registered their most decisive victory in two years. As a result of the outcome of this game, the Castle gridmen chalked up their first conference win and final victory of the season.

In the annual Turkey Day clash, the Pottsville High eleven retained the cherished "Lump of Anthracite" by virtue of a 26-7 victory over the Reading squad. This marks the third successive year that Pottsville has earned the privilege of displaying the unique trophy.

Mr. George T. Benedick

New mentors for the junior varsity football squad this year were Jack Prutzman and George Benedict. They replaced Melvin Williams and Ferdinand Kuczola who resigned from the Reading High School faculty last year to accept coaching positions elsewhere.

Traditional opening game opponents for the Knights again were the Phoenixville Phantoms. In this contest, the Castlemen registered a convincing 14 to 0 triumph. This marked the highest number of points the Red Knights tallied in their seven game non-league schedule.

Revening their loss to Reading last year, a determined Wilson eleven held the Knights to a running, but no scoring game. More than fifty players from the two squads participated in the 0-0 deadlock.

In the next encounter, Governor Mifflin overwhelmed the Castlemen by 20 to 7 to give Reading its first defeat.

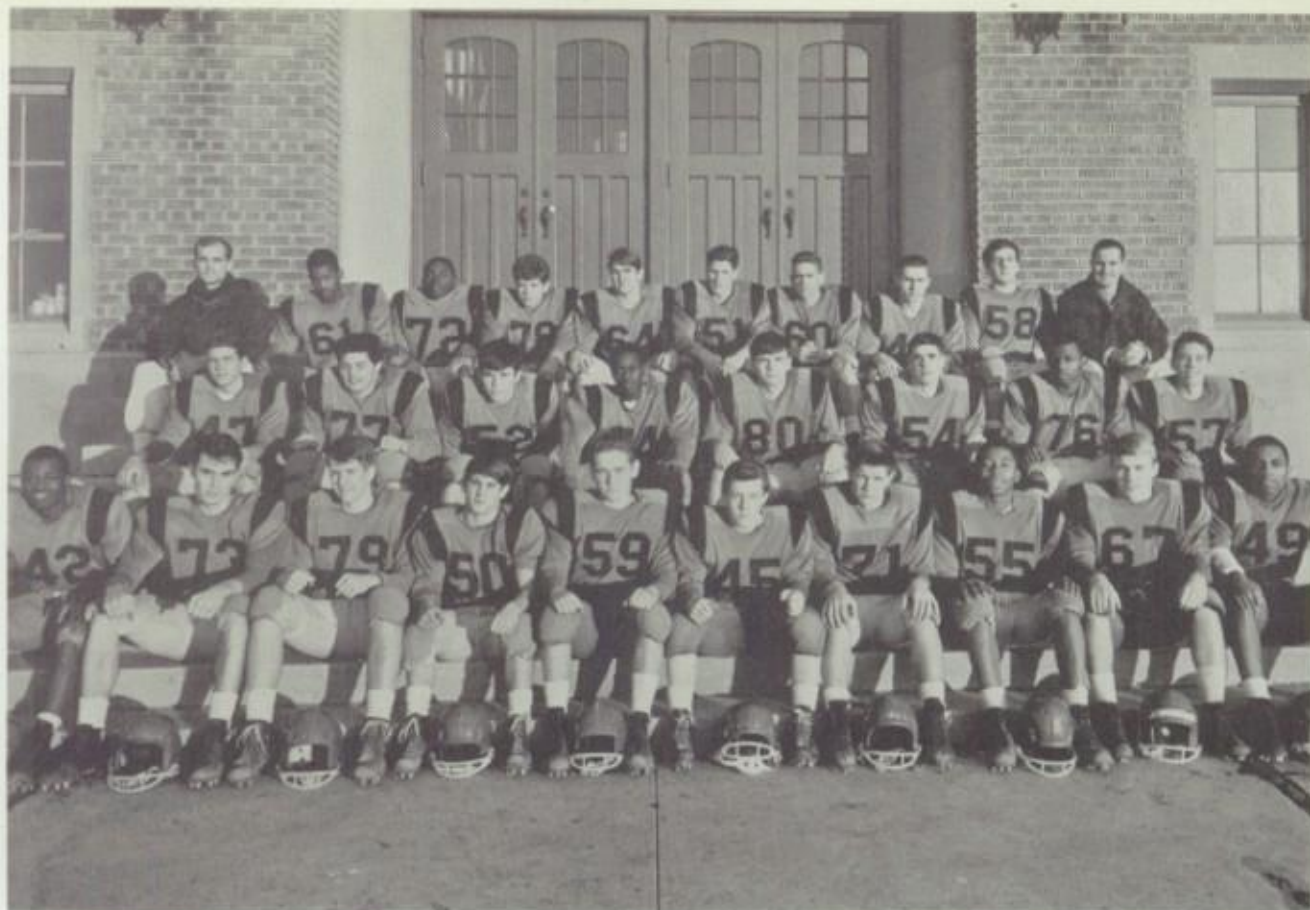

Two touchdowns by Kenneth Smith and a one point conversion by John Rolland in the Allentown Dieruff contest enabled the Knights to edge their opponents 13 to 12.

Hopes of defeating Lancaster for the third successive year faded as the Red Tornadoes reversed the Red Knight gridmen with a close 7-6 tally.

Lebanon Catholic's first half and final margin of 13-0 resulted in another loss for the Castlemen.

Reading's losing streak continued when the Baby Cedars of Lebanon High School registered a 24-13 victory to give the Red Knights their third consecutive setback in the last three games of the season.

Castle gridmen who scored touchdowns this year included Kenneth Smith with six, Lee Gilmore with one and Michael Futrick with one.

Soccer

Coach—Mr. James A. Erwin

In the non-league schedule, the Red Knights opened the season with a 2-0 victory over the Wilson Jointure of Berks County, and a 2-1 win over Norristown of Montgomery County.

Reading's hopes for extending its winning streak faded when Bethlehem, last year's District #11 champions, gave the Castlemen a 2-0 setback. In the following game, the Fleetwood Tigers revenged last year's loss by holding the Castle soccer men to a 1-1 tie. Hamburg continued to shatter the Knights' hopes for victory by reversing the Castle booters 1-0. Heavy rain in the East Lebanon County contest made it necessary to cancel the game at half-time.

In a game originally scheduled for September 24, 1965, but postponed because of inclement weather to October 11, 1965, the Red Knights reversed the Mt. Penn squad 2-1. Success for the Castle soccer men continued with a 2-0 win over Fountain Hill. Two goals by Brian Strouse in the two-period overtime match with Brandywine Heights gave the Knights a well-earned 2-1 win.

Inclement weather on October 22, 1965 forced the second game with Bethlehem to be cancelled.

Reading High School's sixth and final victory of the season was made with a 2-0 tally over Twin Valley.

In the remaining two games of the season, the Castle toemen were unable to break a 1-1 deadlock with Wilson Boro of Northampton County in spite of two extra periods, and a 0-0 tie with the Lancaster eleven.

Brian Strouse led the Knights' scoring with eight goals for the season.

In the exciting and suspense-filled season, the team won both halves of the Central Penn League competition, and was the first team to go through the entire ten team league season without a defeat. For the first time in the history of the school, the team went through the regular twenty-two game season with no losses. Members of the team established a new record with a twenty-five consecutive game winning streak. In addition, the Car-rilmen kept the school's record intact of never losing a District #3 playoff.

Long will the Reading fans remember the thrilling league and playoff contests, the records established by the players and the team, and the honor which the squad earned for Reading High School and for the City of Reading.

This year the Knights barely missed winning the Central Penn Conference championship honors for the fifth consecutive season. With a record of eleven wins and seven losses in league action, the junior Red Knights earned a third place position in the tight C.P.C. schedule. Reading's squad was only one game behind the co-champions, namely Steelton-Highspire and York.

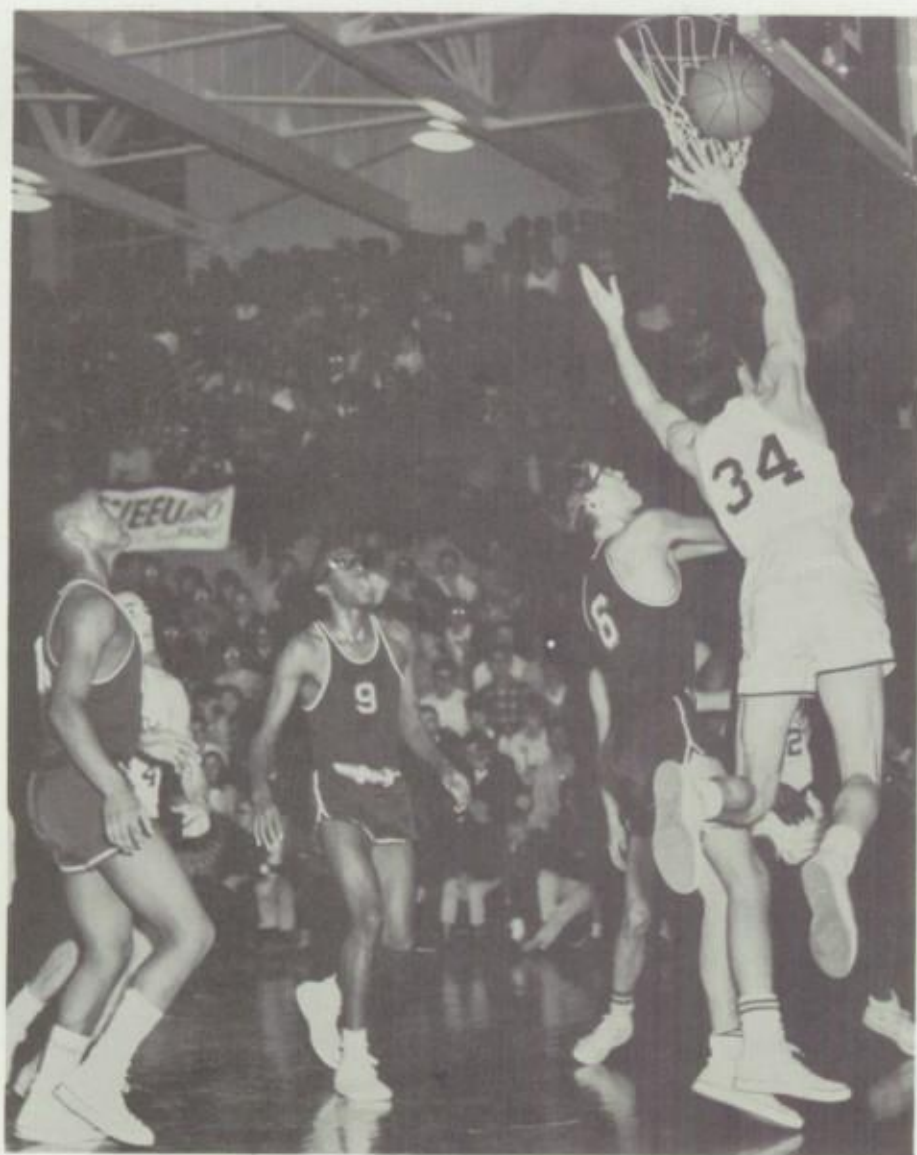

In 1962 and 1965, the Knights were sole champions. In 1963 the junior basketballers shared the title honors with William Penn. In 1964, the junior knights were co-champions with John Harris, Lancaster, and York.

During the Central Penn Conference season, the Reading's junior varsity squad lost to Central Dauphin East, York, Lebanon, Lancaster, Central Dauphin, William Penn, and Steelton-Highspire. All losses took place on away floors with the exception of York.

In non-conference competition, the junior Red Knights were less fortunate when they succeeded in winning only one of the four pre-conference contests.

Among the highlights of the past year was the individual achievement of Mark Bauer. He was the only grappler to win all of his matches during the season, and the only one to reach the District #3 Semi-Finals at the Harrisburg Farm Show Arena.

In the one day invitational tourney at the Conestoga High School, the Castle wrestlers earned a third place position with 68 points. Mark Bauer was the only Reading winner in the finals of this event.

At the District #3 Sectional Meet at Muhlenberg Township High School, the Reading squad captured another third place position. Of the twelve Castle wrestlers in this event, only Jeffrey Tull, James Southworth, and Mark Bauer qualified for the District #3 Quarter Finals competition. In this meet held at the Harrisburg Farm Show Arena, only Mark Bauer remained undefeated. Mark Bauer's loss in the District #3 Semi-Finals at the Harrisburg Farm Show Arena made him ineligible for further competition.

No Reading High School wrestlers were eligible to compete in the Southeastern Regional Meet at the F. and M. College in Lancaster, Pennsylvania of in the P.I.A.A. State Finals at University Park, Pennsylvania.

Coach—Mr. Benjamin Focht

Reading High School's swimming team concluded its Central Penn Conference with five wins and four losses for a fifth place position in league competition. With four wins against the four non-league opponents, the Knights posted an overall record of nine victories and four losses.

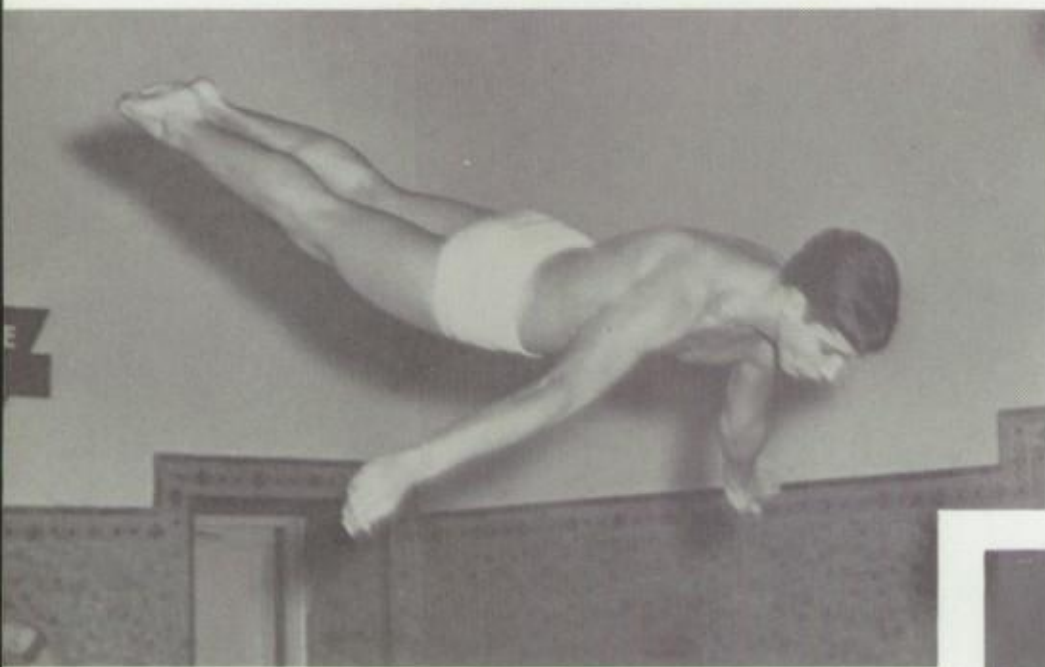

In the Bishop McDevitt meet, Edwin Beidler established a new record in the 100 yard breast stroke event with a time of 1:09.5. The old record was set a year ago with a time of 1:09.8 by William Coller. In the meet with York, James Penta earned 209.55 points in diving competition. He held the old mark of 198 set a year ago.

Although various members of the Castle's swimming squad participated in the District #3 Meet and the Southeast Regional Meet at Elizabethtown College, none of the Castle mermen qualified for the P.I.A.A. State Finals.

FEATURES

Castle Royalty

Since 1954, the Key Club has sponsored the annual Activity Queen contest. Each year this project was undertaken by the club to promote the sale of activity tickets and to provide a means for the activity ticket purchasers to select a girl of Reading High School to serve as the official student hostess for outstanding school functions.

This year one girl from each of the sixteen chartered clubs of the Castle competed for the students' votes through exciting publicity campaigns.

Candidates were first featured at the Castle Mixer dance on September 10, 1965 and later at a special assembly on October 12, 1965 for activity ticket holders only. Seven weeks of suspense finally ended with this assembly when Miss Martha Mattern of the Hi-Y Club was named as the "Activity Queen for 1965-1966."

Final ceremonies took place when the new queen and her court were presented at the Reading-Williamsport football game at the Albright College stadium on October 15, 1965.
